## **MARY SPAGNUOLO JOINS THE BOSTON HOME AS A SOCIAL WORKER**

Mary Spagnuolo

**Dorchester, Mass.** – Mary Spagnuolo, a resident of Roslindale and a native of Mexico, recently joined The Boston Home in Dorchester – a long-term care facility for adults with physical disabilities, primarily multiple sclerosis and related neurological diseases – as a social worker.

Spagnuolo, who has a degree in Psychology from the University of California at Irvine, provides counseling and support services for residents at The Boston Home. Previously, she worked as a DSS Protective Social Worker in California, as a social worker at the Lemuel Shattuck Hospital, and as a social worker at Avery Manor Nursing Home.

“When I interviewed here, I immediately fell in love with the place,” she says. “I saw that the residents were active in the life of the facility, and I wanted to part of their lives.”

Founded in 1881, The Boston Home is a 96-bed, not-for-profit, long-term-care facility that serves adults with multiple sclerosis and other progressive neurological diseases. The only facility of its kind in New England and one of a few in the United States, The Boston Home has earned a national reputation for providing progressive long-term care.
